

HIS RIM ROLLER, 12" Radius

Model HRRSTL-12R

HIS HRRSTL-12R Rim Roller is specifically designed for wire pulling line. The HRRSTL-12R is provided standard with (2) horizontal Force Rollers and an option to add up to two more rollers. Force Rollers are Chromium Steel, Aluminum, or Nylatron. The unit includes (2) steel vertical Guide Rollers and powder-coated aluminum Frame.

HIS HRRSTL-12R Rim Rollers are designed to guide cables **INTO VAULT** when feeding or **OUT OF VAULT** when pulling.

Force Roller Options:

- Chromoly Steel, Heat-treated for Hardness
- Alloy Aluminum
- Nylatron - Lightweight and Abrasion Resistant

Shown with (3) Chromium Steel Force Rollers

REMINDERS:

Always Know and Follow the Cable Manufacturer's Specifications for Cable-Installation:

- Line-Tension Limits,
- Minimum Bend-Radius,
- Sidewall Pressure Limits.

Always Follow Safe Working Practices, Industry Standards and Company Policies During Set-Up and Cable-Installation.

Never Allow Unwarranted Distractions During Set-Up and Cable-Installation.
